

Recycling Sign-up

Please sign-up for a month(s) in which you would be able to dispose of recycling items. You would be asked to check the recycling bins located in the east storage room of the “barn” (the white garage building behind the parsonage) at least once every two weeks and take them to the Dakota County Eco-Site located on Hwy 149 just north of Yankee Doodle Road (contact Mr. Thurow for directions). The students take care of moving recyclables from the school out to the barn. This year, we may be updating our program, which would mean more recyclables. This update will most likely start in November. For this reason there are two slots for every month, Nov. – May.

Thank you!
